

Samuel Coromandel

Profile

Proud UC Berkeley Alumnus with a BA in Cognitive Science and a love and passion for understanding the human mind, "that which we perceive and understand the world or reality with but have a hard time understanding itself."

Employment History

Business Analyst at Patpatia and Associates, Berkeley

November 2019 — March 2020

- Exceptionally handled administrative duties by managing Google Calendar, Zoom, GoToMeetings, and phone calls and emails from high profile/executive clients and/or prospective executive clients.
- Performed extensive research on M&A targets in the financial industry, their products and services, users, competitors, and their revenue projections to create reports that either promote or advise against acquisitions by our client(s).
- Consolidated data from our firm's server with the data from our Google Drive to make it more accessible to our offsite senior consultants.
- Scouted for users and contacts from banks, brokerages, fintechs, RIAs etc. to get feedback on products and services.
- Extensively used Excel and Google Sheets to store and analyze data on users and competitors and to forecast and make market projections on a business's revenues.

Prime Now Associate at Amazon

February 2018 — Present

- Managed the inflow and outflow of product storage and distribution inside an intermediate housing facility
- Operated Powered Industrialized Trucks (PIT)

Validation Specialist at TechSoup, San Francisco

July 2018 — November 2018

- Excellent customer service work using CRM tools such as Onyx and Zendesk.
- Handled email correspondence with agent representatives of 501c3 nonprofit organizations requesting technologies from Google and Microsoft.
- Validated or disproved the tax-exempt status of organizations requesting technologies based on an organization's EIN number and IRS information.

Sales and Marketing Assistant at Cal Dining, Berkeley

April 2015 — February 2016

Successfully hosted client celebratory events through vendor selection and decorations.

Hobbies

I was overweight as a child, and I lost 100lbs when I was 14 years old. That was the genesis of my life-long passion for fitness. I particularly enjoy setting personal records in weight lifting and running. I would love to run a marathon one day.
